

Quality Products for Landscape & Agriculture

HIGH QUALITY POLYETHYLENE TUBING

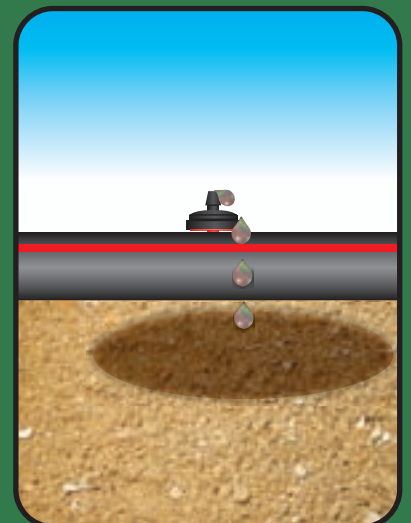

High quality UV resistant polyethylene tubing with color stripe manufactured by Landscape Products is ideal for use in drip irrigation systems for landscapes and agriculture.

Made from linear low density 7510 resin, with excellent environmental stress crack resistance, burst strength and good extrusion characteristics, it is ideal for use in drip irrigation systems for orchards, vineyards, home gardens and landscapes.

Emitters, micro sprinklers or sprayers can easily be added on site using simple hand tools.

Stop by one of our distributors and ask for high quality polyethylene tubing manufactured by Landscape Products.

POLYETHYLENE TUBING

SPECIFICATIONS

| Item Number | Description | I.D. (in) | O.D. (in) | Wall (in) | Weight per Roll | Rolls/Pallet | Max Operating Pressure |
